

TABLES

Multi-Purpose Table Solutions

Interior Concepts®

solutions that fit.

CHANGE IS CONSTANT. LISTENING IS RARE.

Tables — designed around you. Trends come and go, but one thing never goes out of style: listening to what customers truly need. Whether for educational or administrative environments, our tables accommodate a variety of needs and can be effortlessly reconfigured to the needs of even the most challenging floor plans. Choose from a variety of shapes, heights, and features including power, adjustable height, or flip-top. Best of all, they are durable and will last for years to come.

Discover what is simply the best furniture-purchasing experience in the industry — one focused entirely on you and your needs. For you, there's no better way.

Motion Tables

Serving every need from the classroom to the breakroom or conference room, Motion Tables define “multi-purpose.”

Flyte Tables

Simple pin-clip height adjustment and a range of shapes provide versatility and personality to a wide range of work or classroom applications. Add a little pizzazz and flexibility with Flyte.

Specialty Tables

A category of tables that break the mold of our standard offerings. These tables were designed to fit the specific applications that might require a bit more than normal.

Influence® Tables

Whether for a meeting or a simple change of pace, there's a growing need for standing desks and adjustable-height workspaces. Influence™ Tables deliver.

MOTION MULTI-PURPOSE TABLES

Always a moving experience. It's amazing what a simple change of pace can do for students or employees. Motion Tables give you the flexibility to create different room layouts effortlessly. With our rectangular table as your starting point, you can go from classic classroom, to small groups, to U-shaped group discussions. Your layouts are free to adapt from day to day, and the flexibility will last for years, as our tables are backed by a limited lifetime warranty. Choose table depths from 18", 24", 30", or 36" and table lengths from 48"-96" wide in 6" increments.

FLIP-TOP OPTION

Tables you'll flip for. By their very nature, classrooms, training rooms, breakrooms, and multi-purpose rooms are constantly changing. Enter our Motion flip-top tables. They accommodate rooms with diverse functions and group sizes, or situations where tables are shared between rooms and need to easily pass through doorways. Equipped with a durable quick-release handle, the flip-top worksurface rotates and locks vertically for space-saving nesting.

Select from arch (far right) or T-leg (below).

Or choose a half-round design; available in 24" x 48" or 30" x 60" sizes.

Tables easily nest to create an open area — great for multi-purpose rooms.

Flip-top tables up to 72" wide feature a quick-release handle — easy for one person to flip.

ADJUSTABLE-HEIGHT OPTION

In need of an altitude adjustment?

With a simple pin-clip system, users can adjust the table height without a single tool. And with two height-range options available, tables can easily accommodate different age groups or work purposes while maintaining a unified aesthetic. Simply lock in the desired height, and everyone is comfortably back in business.

Height-Range Options

- 26"–35"
- 29"–42"

ROUND AND SQUARE TABLES

Beautifully basic. Our round and square Motion tables are simple making them perfect for dining areas, occasional meeting spaces, and other social settings. Available in sitting or standing height, these tables are just right for taking a break or catching up on a project. Standard tables are available in six inch increments from 30" - 60" wide, and either 29" or 42" high.

UNIQUE SHAPE TABLES

Unique shapes for unique needs. From small-team collaborations to large-group discussions, Interior Concepts can create the perfect table for you. Layouts are free to adapt from one day to the next with the flexibility of these tables. Encourage creativity in classroom by mixing and matching workspace shapes for a look that is your own. For more details on available shapes, please see our Unique Shape Tables brochure.

COMPUTER TABLES

Plug-n-play. It's hard to be productive if you're not connected. Computer tables with the Connect2 power solution by Interior Concepts meet your needs head on with an economical power solution that's easy to specify, install, and reconfigure. Tables with modesty panels adapt to changing needs by managing power and data cables with an under-worksurface cable trough that discreetly channels cords from table to table.

- Computer tables are available from 24"–96" wide in 6" increments
- Connect up to six tables per power plug
- Does not require hardwiring to building power
- Comes standard with a 15 or 20 amp plug

Connect2 Kit includes:

- A. One 6' 15 or 20 amp power plug per table row*
- B. Leg wire management
- C. Modesty panel with power kit and wire management
- D. One 18" jumper to connect tables (not shown)
- E. LinkLatch ganging mechanism (not shown)

**A UL hardwire option is available.*

CONFERENCE TABLES

Convene with class. Design the perfect conference, huddle, or planning room with Interior Concepts. Select from a range of table shapes or group together multi-purpose tables for ultimate flexibility. Optional integrated power allows users to power and charge electronics right at the surface. Choose from a variety of bases, colors, and shapes to make your table complement or accent the look of your organization. It's all up to you!

Half-rounds with rectangular multi-purpose tables create a flexible meeting solution.

FLYTE TABLES

Their name says it all: Flexible, Lightweight, Yet Tough, and Engaging. The most efficient and hardest working spaces are those that deliver simple versatility — and our wide variety of Flyte tables does precisely that. Create a dynamic aesthetic from an array of shape options that can be reconfigured for individuals or small group collaboration. The slim post leg design allows for more leg room beneath the worksurface and the simple to use pin-clip feature does not require tools for height adjustment — allowing users to easily change heights throughout the day. Add a colorful markerboard worksurface to the mix, and people can jot down their brilliance. Work can take flight with the low-tech high-value solution of the adaptable Flyte tables.

SPECIALTY TABLES

PEDESTAL TABLE

This low profile base eliminates the worry of table legs getting in the way, allowing for everyone to gather comfortably around the table. Use as a single leg or pair legs together to support larger rectangular shaped tops.

- Dimensions: 18" - 60" round and square
- Heights: 29" and 42"

HEAVY DUTY TABLE

With a butcher block worksurface, this multipurpose table stands strong against students and heavy equipment usage. These flexible tables are perfect for use in STEAM environments with their 500 lb weight capacity.

- Glides or locking casters
- Two table heights: 29" and 36"
- Three table widths: 48", 60", and 72"

TANGENT TABLE

Sporting unique legs, this table is sure to make a statement in any room. Use them here, there, and everywhere and off on a tangent collaborating around this table.

- Three table heights: 30", 36", and 42"
- Four worksurface shapes:

Circle

Egg

Guitar Pick

Squircle

Counterbalance offers less lift capacity but quicker height adjustment, making them perfect for meeting, classroom, or podium applications — and easily tailored to the user's height

INFLUENCE® TABLES

Stand up for change. Tired of pulling up a chair for work? Try standing. It improves circulation, promotes creativity, and has been known to make tasks easier to accomplish. Influence tables readily convert from sit-to-stand with either pneumatic counterbalance or crank mechanism. These fast and simple ergonomic adjustments make it easy to stand and work, or meet with others. No matter the function, Influence tables give you choices.

Influence® Table: Counterbalance Adjustment

The pneumatic adjustment just might be the easiest height-adjustable option available without the need for power. Simply pull the trigger handle to adjust — it's never been so easy!

- Dimensions: 24"–36" D x 48"–72" W
- Height adjustments:
 - Glides: 27.5"– 47"
 - Casters: 29.5"– 49"
- Lift capacity: approximately 40 lbs

Influence® X-Base: Counterbalance Adjustment

From instructor podiums to social spaces, our Influence® X-Base tables are the perfect fit. Pull these tables up for additional workspace or move them about in classrooms or breakrooms.

- Round, Square, Oval, or Eclipse worksurface shapes
- Dimensions: 30"–48" D
- Height adjustments:
 - Glides: 27.5"– 47"
 - Casters: 29.5"– 49"
- Lift capacity: approximately 40 lbs.

Influence tables can be integrated into a more traditional workstation for adjustability throughout the workday.

Influence®: Crank Adjustment

Crank height-adjustable tables provide a height-adjustable work area with no power requirements. Handle stores neatly by retracting under the worksurface.

- Dimensions: 24"–36" D x 48"–72" W
- Height adjustments:
 - Glides: 27.5"–45"
 - Casters: 29.5"–47"
- Lift capacity: approximately 200 lbs.

Rectangle

L-Shape Corner

Radius Corner

Influence®: Crank Adjustment for Corners

- Dimensions: 48"x 48" D to 72"x 60" D
- Available with 24" or 36" returns
- Height adjustment with glides: 27.5"–45"
- Lift capacity: approximately 225 lbs.
- Right- or left-hand returns
- L-Shape or radius inside corner

TECHNOLOGY & POWER

Power up! Technology and accessible power are required in today's workspaces and schools, and Interior Concepts has the solution that is right for you. Any table can be outfitted with power outlets, USB ports, or HDMI and data ports. Equipping a table with power ensures that work and learning remains uninterrupted for hours at a time.

FEATURES

Metal-to-Metal Connections

Strong metal-to-metal connections from leg to work surface with threaded inserts ensure durability.

Fully Welded Steel Leg on Motion Tables

Virtually zero maintenance; never needs to be tightened.

TABLE SPECIFICATIONS

- Worksurfaces are 1.25" thick and finished with a high-pressure wear-resistant laminate writing surface with a balancing laminate backer sheet on the underside of the work surface.
- Laminate work surface tops have 1" radius corners with edges in colors that coordinate with the leg and selected work surface finishes.
- Worksurfaces are edged in 1 $\frac{5}{16}$ " 3MM edgebanding, available in a variety of solid colors and patterns. The edge is applied with a contour edgebanding machine and adhered with a high-temperature glue to prevent it from being easily pulled from the edge of the work surface.
- Strong metal-to-metal connections from leg to work surface with threaded inserts and improved locking technology ensure durability.
- A broad palette of laminates in solid colors, patterns, and wood grains makes it easy to maintain a consistent and coordinated look throughout your organization.
- Perforated metal modesty panels provide stylish coverage. Mesh modesty panels are also available.
- The unique quick-release LinkLatch ganging mechanism utilizes a sliding quick-release pin bracket system for easy-to-use, tool-free connections and a tight table-to-table fit.

Limited Lifetime Warranty

Tables are backed by a limited lifetime warranty; electric has a five-year warranty; counterbalance and crank mechanisms have a one-year warranty. Visit interiorconcepts.com for additional warranty information.

NOTES
