

TABLES - UNIQUE SHAPES

Multi-Purpose Table Solutions

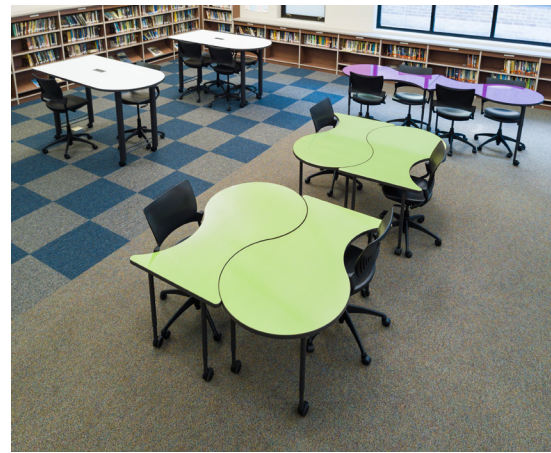

Interior Concepts®

solutions that fit.

UNIQUE SHAPES FOR UNIQUE NEEDS

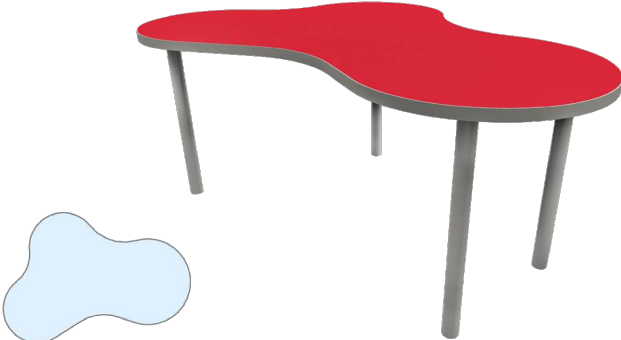

Just for you! From individual tables, to small team collaborations and large group discussions, Interior Concepts can create the perfect table for you. Layouts are free to adapt from one day to the next with the flexibility of our unique shape tables. Encourage creativity in the classroom by mixing and matching worksurface shapes and sizes for a look that is all your own. Finish with the addition of a markerboard worksurface allowing users to write down and share ideas or solve complex problems.

Choose from a variety of shapes, heights, features, and finishes to create your space. For any educational environment, our tables accommodate a variety of needs and can be effortlessly reconfigured to fit even the most challenging floor plans. Best of all, they are durable and will last for years to come.

ADJUSTABLE-HEIGHT OPTION

In need of an altitude adjustment?

With a simple pin-clip system, users can adjust the table height without a single tool. And with two height-range options available, tables can easily accommodate different age groups or work purposes while maintaining a unified aesthetic. Simply lock in the desired height, and everyone is comfortably back in business.

TECHNOLOGY & POWER

Power up! Technology and accessible power are required in today's workspaces and schools, and Interior Concepts has the solution that is right for you. Any table can be can be outfitted with power outlets, USB ports, or HDMI and data ports. Equipping a table with power ensures that work and learning remains uninterrupted for hours at a time.

FEATURES

Metal-to-Metal Connections

Strong metal-to-metal connections from leg to worksurface with threaded inserts ensure durability.

Fully Welded Steel Leg on Motion Tables

Virtually zero maintenance; never needs to be tightened.

TABLE SPECIFICATIONS

- Worksurfaces are 1.25" thick and finished with a high-pressure wear-resistant laminate writing surface with a balancing laminate backer sheet on the underside of the worksurface.
- Laminate worksurface tops have 1" radius corners with edges in colors that coordinate with the leg and selected worksurface finishes.
- Worksurfaces are edged in 1 $\frac{5}{16}$ " 3MM edgebanding, available in a variety of solid colors and patterns. The edge is applied with a contour edgebanding machine and adhered with a high-temperature glue to prevent it from being easily pulled from the edge of the worksurface.
- Strong metal-to-metal connections from leg to worksurface with threaded inserts and improved locking technology ensure durability.
- A broad palette of laminates in solid colors, patterns, and wood grains makes it easy to maintain a consistent and coordinated look throughout your organization.
- Perforated metal modesty panels provide stylish coverage. Mesh modesty panels are also available.
- The unique quick-release LinkLatch ganging mechanism utilizes a sliding quick-release pin bracket system for easy-to-use, tool-free connections and a tight table-to-table fit.

Limited Lifetime Warranty

Tables are backed by a limited lifetime warranty; electric has a five-year warranty; counterbalance and crank mechanisms have a one-year warranty. Visit interiorconcepts.com for additional warranty information.
