## MEDIA CURVES

The Media Curve workstation by Interior Concepts has the perfect mix of design, durability, and function for labs and common areas. Units can be sitting or stool/standing height, both offer a great landing spot for people to gather. Select from many standard designs — including those equipped with casters, locking storage, tote drawer storage or power — or customize the workstation to fit your needs. A wide variety of finishes are also available to create a coordinated look throughout the campus.

## TECH LAB CARTS

Lab and technology spaces often need durable workbenches that can accommodate heavy, large, or messy experiments and equipment. Topped with a non-reactive maple butcher block, our carts will withstand the demands of any workshop environment for years. Built-in lower storage also simplifies equipment or supply storage — one side features a locking cabinet and the other an open cubby with adjustable shelf. To allow carts to be grouped for even larger worktops, or easily moved for cleanup, heavy-duty locking casters are standard.

### FEATURES:

- Standard Sizes
  - 36" D x 48" W; 29" H or 38" H
  - 30", 36" or 48" D x 72" W; 29" H or 38" H
  - 30", 36" or 48" D x 84" W; 29" H or 38" H
- Locking storage cabinet (lock cores can be matched)
- Adjustable storage shelf
- Heavy-duty locking casters
- Limited lifetime warranty
- MAS® Certified Green
- Made in the USA

### OPTIONS:

- Worksurfaces
  - Laminate
  - Maple Butcher Block
  - Markerboard
  - Trespa
  - Stainless Steel (limited sizes)
- Tote storage (limited sizes)
- Spill-resistant power/data desktop outlet
- Under worksurface magnetic stool storage

## PANEL WALLS

Unlock the true potential of your square footage and redefine your space with panel walls from Interior Concepts. Our panel walls fit a range of heights, widths, and layout arrangements to meet your needs. Unlike a typical three inch panel thickness, our one inch thick panel requires less space with it's slim profile design. Build off of existing walls or configure as a free standing partition to create offices, classrooms, break out areas, or simple room dividers.

### FEATURES:

- 1" thick steel framework
- Dimensions customized by the inch
- Limited lifetime warranty
- Made in the USA
- MAS® Certified Green

### OPTIONS:

- Half height or full height hollow core doors
- Laminate, Markerboard, Tackable, or Acrylic inserts
- Screen printed logo

Use panel walls to create multiple divisions in your room! Shown below, panels in blue were used to create private offices, room partitions, and a reception area all using varying configurations and panel insert styles.

## COMPUTER STATIONS

The role of computers in classrooms has evolved from basic keyboarding to technology-driven curriculum. Day to day, classes such as Industrial Design, Animation, Engineering, and Esports employ robust software packages necessary for learning. These technology rich computer labs require workstations to comfortably accommodate students and their equipment. Workstation dimensions are built to the inch allowing for varying levels of privacy or collaboration

IT departments appreciate the Chase™ Wire Management System with its ability to help simplify equipment connections. Cables and wire are kept out of sight behind sliding doors and optional built in power makes powering runs of stations a breeze.

### FEATURES:

- 1.25" thick worksurface with HPL laminate, balancing-backer sheet, and 3MM edge
- Built-in Chase™ Wire Management
- Limited lifetime warranty
- Made in the USA
- MAS® Certified Green

### OPTIONS:

- Station dimensions/worksurface heights are customizable by the inch
- 8-Wire electrical and desktop power
- CPU brackets, monitor arms, and keyboard trays
- Numerous color options

There are many ways to configure your room; choose a more traditional layout or create something totally your own!

### OPTIONS:

- Dimensions are customizable by the inch
- Choose from a variety of worksurface shapes:  
- Rectangle, Round, Square, Half Round
- Choose from a variety of leg styles:  
- Post, T-Leg, Slim Post, H-Leg
- Markerboard worksurfaces
- Adjustable height worksurfaces
- Flip-Top for space saving

## ADJUSTABLE HEIGHT OPTION

With a simple pin-clip system, users can adjust the table height without a single tool. Available in two height-range options, tables can easily accommodate different age groups or work purposes while maintaining a unified aesthetic. Simply lock in the desired height, and everyone is back in business.

*\*Flip top option available for tables with 26" - 35" height adjustment ranges*

### T-LEG HEIGHT RANGE OPTIONS

- 26"-35"
- 29"-42"

### SLIM POST HEIGHT-RANGE

- 24"-35"

*\*Post leg option available without flip-top feature*

## FLIP-TOP OPTION

Classrooms, training rooms, breakrooms and multi-purpose rooms are inherently dynamic spaces. Our Motion flip-top tables are designed to adapt to these constantly evolving environments. With a durable quick-release handle, the flip-top worksurface rotates and locks vertically, allowing for space saving nesting.

These versatile tables accommodate rooms with diverse functions and group sizes, as well as situations where tables need to be easily moved between rooms .

## MARKERBOARD OPTION

Add a markerboard worksurface to any table to enhance the learning experience! Students are free to brainstorm ideas and problem solve with classmates, turning static lectures into an engaging experience.

When not in use, flip the table to the nesting position and the table quickly transforms into an announcement board or additional teaching surface.
